MARCH 17, 1987-by VIRGINIA ARRAL

POLICE CHIEF PRESENTS NEW STATION PROPOSAL

In recommending the town build a new police station for $600,000 versus renovating the Town Hall, Police Chief James F. Moran and Lt. James A. Santos presented three options to Selectmen last Tuesday for building the station on the 12 acres of town-owned land (the former Deniz property) on Route 6 and Church Streets.

Option two, for a build/purchase concept, was overwhelmingly favored by the police officials as the most feasible. Lt. Santos, who presented the financial aspects of the concept, said, "We can almost personally guarantee we can adhere to this price, and not to exceed $600,000 to build." He estimated the time to build at seven months.

Chief Moran said that after receiving the report from Crowley Architects on the $1.2 million plus to renovate Center School for town offices and to renovate Town Hall for the police station, estimates were sought on a new police station. He said figures received from two reputable builders, Tatlock Design, Inc. of Lincoln and Habitat Company of Deerfield, estimated a total cost broken down as follows: $256,000 the station constructed, not including cellblocks; $193,000 for site work; $10,000 each for four cellblocks ($40,000); $35,000 for water and sewer hookup; and additional funds for emergency generator, radio, 100 foot antenna and video monitor.

The Chief explains Police Safety Officer Stan Ennis prepared the blueprints and floor plans and Reserve Officer Ken Pacheco drew the architect's building design. The building would be 50 foot by 70 foot on the first floor, which includes 25 by 30 feet for a garage with a 15 foot wide door to house police cars and the ambulance. The second floor, 50 by 45 feet, would house a photo lab and meeting room. He added the property is ideal with the 139 foot frontage on Route 6 and 207 foot frontage on Church Street.

the May 4th annual Town Meeting, will ask the town to agree to pass legislation to enter into a 15 year payment plan in order to extend the present maximum 10 year payment plan. Special legislation is needed to allow the change. The second article will ask the town to accept the build/purchase concept at $600,000.

Lt. Santos explained in the favored plan only the $19,500 interest would be due this year; $58,500 interest only in fiscal 1989; then the principal and interest starting in fiscal 1990 for the remainder of the loan. Upon completion of the project in about seven months after construction starts, the town would pay the developer $600,000, with state house notes at approximately 6.5 percent interest. He noted the interest could be less by that time.

He further explained the lease/purchase alternative option, in which the town would not put up the building. Under 2½ and our tax base, "we couldn't afford this option," Santos said. The town would hire a private developer to put up the building, then the town would lease it for a certain annual payment. The developer would make a profit plus get depreciation. A third option not considered feasible is a 2½ override. Santos said "even though the department needs it, I don't feel as a taxpayer I can recommend an override."

Selectmen agreed voters should have the opportunity to make their feelings known. The concept will be taken to the Finance Committee for its input; Town Counsel will prepare the articles; then a public hearing will be held for town voters to hear the options before town meeting.

In other business, Selectmen:

ACCEPTED WITH REGRET the resignation of Robert E. Black as a member of the Board of Appeals. Mr. Black stated that the work load of the Board is increasing so much that he finds he is unable to commit to the time required. Selectmen appointed Daniel O. Jr. to discuss the highway department's takeover of the maintenance work at the sanitary landfill.

Chairman Evelyn Ellis said the Board of Health will set rules, handle the clerical work and retain control of the gatekeeper. The Highway Department crew working on the heavy equipment will report to Nunes. The engineer from Tighe and Bond will give directions to maintain compliance with the state DEQE regulations.

Nunes explained he only has four men and the town is lucky to be operating so well with these four men. "What with Chapter 90 roadwork, we can't be running around to do my work and that (landfill) work too. I'll work and take it easy because the loader is old and should be replaced. If we take over the dump work, I want more money for the responsibility," said Nunes.

Selectman James F. Huntoon recommended a job description be written out so the duties of each person is delineated and to identify who is in charge. It was agreed

Nunes should be paid for his work.

AGREED with Tree Warden Wesley Bowman to retain his budget plan the same as last year's. Selectmen sought to have Bowman place a separate article in the town warrant for tree trimming rather than incorporate it into the budget. The Selectmen's rationale was that if it is in the budget and not used that year, it has to be returned to general funds. But, if it is in a special article and not all used in one year, it can be held over.

Bowman said he is happy with the way his budget works now. He said almost every street in town needs work. He noted he was asked by the Recreation Director to trim trees around the tennis courts but he had no funds. Selectmen approved a $100. transfer from Reserve Fund for the job. Last year's budget was $5,175; this year's, $9,175 which includes salaries, all aspects of the budget under the tree warden as well as for tree trimming.

WERE NOTIFIED by Coastline Elderly Services executive director, Charles Sisson, that the town's Council on Aging van should have its entire fuel system inspected to insure there is no danger of the gas tank's overheating or potential leaks which could result in a fire.

Sisson noted the Center for Auto Safety has petitioned the National Highway Traffic Safety Administration to recall 1984-1986 Ford E-15, E-250 and E-350 Econoline vans with dual gas tanks. Although ambulances are the main concern, this may include the town's van used by the Council on Aging. Executive Secretary Carol Adams said Mr. Sisson explained it would be sufficient for the town's mechanic, John Bowman, to do the inspection. Selectmen approved this action and will send Sisson a report following the inspection.

Also placed on file for the April annual appointments were the names of Rose Roeder, Winifred Burnham, Natalie Fleming and Virginia Arral for reappointment to the Council on Aging.

APPOINTED to the Fire Department, at the recommendation of Fire Chief Donald Wood, were John Connolly and Lawrence Pauline.

RECEIVED A NOTICE from Town Counsel Donald J. Fleming that new Environmental Protection Agency regulations, effective January 1, 1987, require a survey be made of the number of storage tanks owned or controlled by the town; including the school department. The storage tanks include those storing either gasoline, heating oil, hazardous or toxic chemicals.

On a similar matter, Selectmen agreed to contact the owner of the fuel tank on the town wharf (believed to be owned by Brownell Boatworks, said Selectmen) to ask them to have the tanks tested at their expense and report to the Selectmen. Harbormaster Steven Mach will be informed of the directive that the test should be done as soon as possible.

Why customers want to be treated like individuals.

A lot of banks tell you that the customer always comes first. But when banks don't place enough emphasis on service, you don't come "first" at all. You really come next.

At Fairhaven Savings Bank, we know how important it is to treat customers as individuals. In a recent survey, people told us that professional, personal service is their number one expectation from a bank. So we've made it our number one priority.

The fact is, we don't ever want you to feel like you've been treated impersonally at Fairhaven Savings Bank.

We believe that if a bank really wants to earn the trust of its customers, the rules are very simple—listen to what people want and then work extraordinarily hard to deliver. That's what we're doing at Fairhaven Savings Bank.

ORR Budget Discussion

TRI-TOWN OFFICIALS
PROBE ORR BUDGET IN ROCHESTER
reported by VIRGINIA ARRAL

In an effort to find one method to finance the fiscal 1988 Old Rochester Regional District School budget, officials representing the school district, Marion, Mattapoisett and Rochester, could not agree last Wednesday at Rochester Town Hall. The session was called by Rochester Selectmen, with its chairman, David Hughes, opening the meeting saying, "Our primary concern is to get the feeling of Selectmen to return to their Finance Committees with recommendations and what to plan for, whether for the good of the school or the town."

Rochester Selectman Michael Cambra said, "We can't afford the $4.5 million dollar budget." Marion Selectman Betsy R. Parks said, "We're giving you as much as we can afford." Mattapoisett Selectman James F. Huntoon said, "Philosophically, we are different. Personally, I can't support an override to

finance the operational part of the budget-the capital yes, but not operational."

Before discussion got underway, Selectman Huntoon noted some type of vote of the Selectmen should be taken regarding the legality of the recently adopted ORR budget. "I think it unfair if there is a technical flaw - we should be sure before it is certified." Selectman Parks said the school committee met the 45 days within Mattapoisett and Rochester's town meeting dates, but not Marion's. "We are satisfied what is voted, and we are the only ones that should be concerned that the figure certified is correct. We don't have to agree with it, but we are satisfied the budget approved process was followed." All the Selectmen agreed.

In Marion's presentation, Selectman Richard Lagreze said its Finance Committee recommended a 6.4 percent increase, plus 4.5 percent increase additional as a 2½ override for the total 10.9 percent increase over last year's assessment.

"Marion's Board feels the Special Needs budget should be treated separately," Mrs. Parks explained and said, "this method will require only a majority vote to override and I suggest the three towns go with this method."

Mattapoisett Selectmen did not agree with Marion's suggestion. Chairman John DeCosta said "just our budget expenses alone and we are $67,984 over a 2½ levy limit,

including the ORR budget". And this does not include any capital costs. Selectman Huntoon said "It's one thing to go for capital costs but once you go into an operational override you're in trouble because in order to maintain that level for operational expenses you have a perpetual need to override. This can be dangerous." Selectman Frank Suzan said, "In Mattapoisett, people who come out to vote want to vote the full ORR budget."

Rochester Selectman Frederick W. Underhill, Jr. said, "We have about $200,000 expected in new revenue. With ORR looking for $200,000, plus Old Colony and Memorial School, that leaves nothing for the town. If Rochester doesn't override we would have to invoke the Collins Amendment. We can get the question on the ballot for the election before

town meeting. If the vote passes, I can't see anyone protesting it at town meeting." Underhill added that fiscal 1989 will be different when SEMASS taxes start bringing in new revenue.

ORR Committee member Patricia Ryan said, "As a School Committee member, no way will I support an operational override." She said, "The towns are not looking ahead and planning for increases-in schools, police, capital costs or anything. It takes more time to educate the public in the need for an override." ORR Committee Chairman Kay Reis said this is a perfectly democratic way to demonstrate this with an override by voters.

Mrs. Parks responded to the speakers saying, "If we override it will mean 24 cents on Marion's tax rate. If we tell Marion voters this is the only way we can finance the school, I think we have intelligent voters who will accept this."

Marion Finance Committee member Marshall Severance said, "People should be given a choice. Over the years we've had our 'battles', but by the time we get to town meeting we all work together. I think it is up to Selectmen and Finance Committees to advise and convince town meeting voters."

Selectman Huntoon responded saying voters will prioritize how we do things. "We in Mattapoisett are in a more positive cash position now. I don't think financially we should necessarily follow our sister towns."

ORR instructor Joao "Rod" Rodrigues said it is sad when we pit one de-

partment against another. A lot of people find this difficult to understand. If presented right, people will know what the tax will be. Selectmen Hughes responded to "Rod" asking, "What does a town do if they cannot afford that amount, what department gets cut?"

In a breakdown of the ORR fiscal 1988 budget of $4,198,024 requested, with the Special Needs Budget of $307,123 added, totalling then about $4.5 million, less estimated revenue of $1,081,258 and with no reserve funds, this leaves the amount to be assessed to the towns at $3,423,889.

With Marion's student percentage of 25.77, a 10.94 percent increase would cost $864,327. Mattapoisett's percentage of 43.53, a 13.77 percent increase, would cost $1,459,997. Rochester's percentage of 30.70, a 19.03 percent increase, would cost $1,029,679.

Marion's executive secretary Ray Pickles noted Rochester is experiencing a double whammy with new growth in town and not able to take advantage within the 2½ limit to

AN INVITATION
"A WHALE OF AN EVENING"

The Mattapoisett Parent-Teachers' Club and the students and staff of Old Hammondtown School invite you to "A Whale of an Evening", to be held in the auditorium of Old Hammondtown School at 7:30 p.m. on Thursday, April 2nd.

Complete with slides and artifacts, the program will focus on man's changing relationship with whales, how they went from land back to the sea, their fascinating physical adaptations and their tenuous future. The presentation will be given by Ms. Sharon Young, an instructor with the Webb of Life, Outdoor Education Center in Carver. She will also discuss the school program at this time.

This evening presentation is part of a year-long enrichment program during which Ms. Young has visited each of the 5th grade classrooms

New Cup Plate

FEATURES MATTAPOISETT GAZEBO

The 1987 MMR Tri-Town "Dollars for Scholars" cup plate features the Gazebo located in Shipyard Park, Mattapoisett. This cup plate is the fifth in a series of six limited edition plates pressed by Pairpoint Glass for MMR.

Shipyard Park, overlooking Mattapoisett Harbor, has long been the scene of numerous community events. The Park originally was the site of the Holmes Shipyard. When the property was acquired by seven trustees of the town it was given to Mattapoisett for a park. The Purrington Hall property also was donated for the park. Adjacent shoreland was eventually acquired and used to improve the recreational area. Shipyard Park commemorates the shipbuilders who were a vital part of the town's history.

in Shipyard Park. Unfortunately the Hurricane of 1938 destroyed it. A temporary bandstand was built but this structure consisted of a stage without a roof. Frequently occurring coastal fog soon made it apparent that a more permanent structure was needed. In 1959 the Mattapoisett Bandstand Committee was organized to raise funds for construction of a new bandstand. The Committee consisted of representatives from every community organization. Plans were drawn and donated by John T. Doran of Mattapoisett. Unfortunately the efforts of this committee were stalled for several years.

The dream of a new bandstand in Shipyard Park never died, however. On July 6, 1971 the dream became a reality when the new bandstand, now known as the Gazebo, was officially presented to the town. Through the concerted efforts of local organizations and individuals sufficient funds, materials and labor were donated for construction of the Gazebo. Using the original drawing by Mr. Doran, Bruce Rocha, Sr. developed working plans. The most unique feature of the Gazebo is the convex ceiling which was designed to project sound outward. Sealed in the structure is a scroll listing those who contributed to the development and construction of the Gazebo. It will be removed in 2057 when Mattapoisett celebrates its bicentennial.

DINE OUT FOR "DOLLARS FOR SCHOLARS"

As part of the 1987 Business Drive the MMR Tri-Town "Dollars for Scholars" Program, in conjunction with area restaurants, will sponsor an evening out for Scholarships. On Friday, April 3, local restaurants will donate a portion of their profits to the MMR Scholarship Fund. Plan an evening out on April 3 --- a pleasant way to help area students to continue their education.

Restaurants currently participating are Gaetano's, Mattapoisett Chowder House and Costa's Family Restaurant (all located on Route 6 in Mattapoisett). The names of other participating restaurants will appear in the press on April 1. Any restaurant that wishes to participate and has not been contacted should call Susan Hottel (758-4417) or Barbara Meehan (758-3745).

Fashion Show

BY ART DEPARTMENT OF ORRHS

On Saturday night, April 11th, at 7:30 p.m. the Art Department of Old Rochester Regional High School is presenting its 3rd annual Spring Fashion Show being held in the auditorium. The 33 participants have designed and sewn the outfits they will be modeling in an oriental garden. This year's fashions will include formal evening wear in metallics, satins and lace, and more casual apparel daytime in light-weight fabrics. It promises to be a lovely and entertaining evening - come join us. A reception will follow. Tickets will be available at the door; students and senior citizens, $2.50; adults, $4.00.

Hughes, Jeffrey Taylor and E. J. Smith (Senior High School) were members of the band, while Leigh Gaspar and Tom Hanks sang in the chorus. These seven were chosen to participate after auditioning in early December.

Along with the honor of performing with other students of their caliber, the Old Rochester students were exposed to a demanding and fun learning experience.

Congratulations to our talented young musicians.

Baseball Challenge

There is an immediate opening for a person to manage the Mattapoisett Indians baseball team (ages 13-15) of the Gateway Babe Ruth League and we are currently accepting names for consideration to this position.

This league is comprised of two teams from Mattapoisett, one each from Marion and Rochester, and four from Wareham. The Indians have enjoyed a successful six year history in Babe Ruth League baseball and many of their players have improved through this system.

Your sincere desire to teach and develop the above age group are the key qualifications for this rewarding position. Tryouts will be scheduled within the next 30 days and we would like to fill this spot quickly. All interested persons are encouraged to contact Bruce Klappholz, 758-3325, or Barry Haskell at 992-3767 for complete details.

Baseball Clinic

A Baseball Clinic will be conducted on Saturday, April 4th, from 10:30 a.m. to 12:30 p.m. at the Old Rochester High School gym for the benefit of all Mattapoisett Little League participants, their coaches, parents and persons interested in developing their baseball skills. A one hour clinic, from 12:30 to 1:30, will follow for the benefit of all coaches.

GIRLS' REGISTRATION

Mariner Youth Soccer Club announces a special spring registration for the girls' instructional program. Openings exist in the following age groups: under 14 (girls with birthdays in 1973 and 1974), under 12 (girls with birthdays in 1975 and 1976), and under 10 (girls with birthdays in 1977, 1978 and 1979). Girls who played in the fall of 1986 are already registered.

The spring program starts April 4th, so early registration with the club registrar, Betsy Pimental (763-2779) is urged. Tell your friends. Spring registration is only $8.00. No uniform is provided -- just good coaching and a good time. A six game season is scheduled. Games will be played Saturday mornings at the ORR Junior High School fields.

Registration is open to girls in the towns of Marion, Mattapoisett, Rochester, Fairhaven and Acushnet.

QUESTION:

HOW DO EMPLOYEES & COMPANIES BENEFIT FROM CHIROPRACTIC SPINAL MANIPULATION?

ANSWER: With higher performance and more productivity.

When a worker is sidelined because of a health problem, everybody loses.

The company loses a valuable employee, which could mean a loss of production. The worker loses self-confidence in addition to suffering pain and disability. The family unit loses part of its income, so important to maintaining a standard of living. The union loses part of its health and welfare fund in payments and other benefits.

Obviously, there is no way of eliminating on-the-job and off-the-job injuries entirely. But it would be helpful and less costly for all if time for recuperation could be reduced.

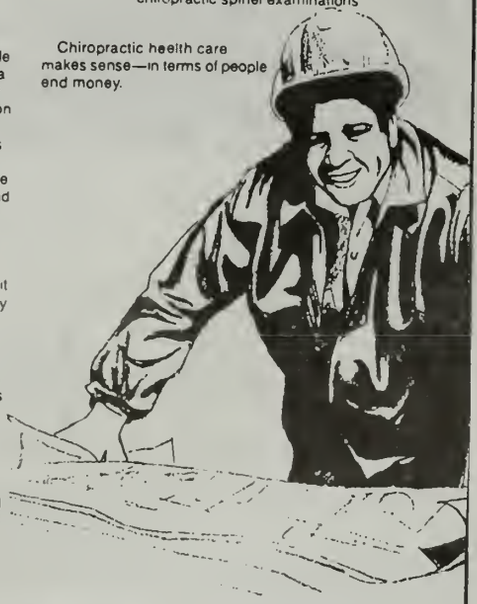
Chiropractic can reduce time off. In fact, comperative studies of Workers' Compensation cases from a number of states prove chiropractic's effectiveness in getting injured employees on their feet faster.

Imagine the advanteges of eliminating hospitelizetion. Being treated on an out-care basis. Not being subjected to the hazards and expenses of drugs and surgery.

Here's what you can do:

- Get to know the chiropractic health method and its benefits.
- Make chiropractic services available to employees in any health and welfare or insurance program with which you are associated. Insist upon it.
- Recognize the importance of structurel health. One of the best safeguards ageinst illness and diseese is to practice a program of health care which includes chiropractic spinel examinations.

Chiropractic health care makes sense—in terms of people and money.



Dr. Jean E. Peelor

Chiropractic Physician

at the Greater New Bedford YMCA, announces the grand opening of its Fitness Evaluation Center on April 6th. FITCHECK is a fitness testing and exercise prescription program. The tests shall include measurement of the 4 basic components of fitness: Flexibility, muscular strength and endurance, % body fat and cardiorespiratory function. Also included will be a Coronary Health Risk Appraisal, plus minimum assessment of strength and flexibility of lower back and abdominals.

Each individual will receive his/her own fitness profile, individualized exercise prescription and guidelines, consultations and 3 month re-evaluation. FITCHECK shall be conducted by qualified YMCA personnel.

As a special introductory offer, FITCHECK will be offered to YMCA members for $35.00, non-members, $55.00, through July 1, 1987. For more information call Carol Morse at the YMCA 997-0734.

To help parents better deal with and prevent accidents involving their children, Tobey Hospital is sponsoring a free "Pediatric Trauma Institute for Parents" on Thursday, March 26th, from 7 to 9 p.m. at the John William Decas School in West Wareham.

The program will be presented by Denis O'Donnel, M.D. of the Kiwanis Pediatric Trauma Institute of the New England Medical Center in Boston. The Kiwanis Institute is the first regional facility of its kind in the country to exclusively devote itself to treatment and research in the field of pediatric trauma.

When children are injured, their bodies respond very differently than adults', requiring very specialized treatment. Children have unique reactions to drugs, loss of blood, and often sustain serious head injuries. Dr. O'Donnel will outline first aid procedures that parents can use, along with information on how to prevent accidents.

Topics that will be covered include: "Signs of Life" safety signs; basic first aid; accident prevention and safety; seatbelt and child restraint use; and proper use of the Heimlich maneuver for choking victims.

The pediatric trauma seminar is part of Tobey Hospital's celebration of Children and Hospitals Week, which runs from March 22-27. The program is free and no registration is required. Light refreshments will be served.

This program is offered to those persons who have lost a loved one through death and are experiencing the strong and sometimes frightening emotions brought about by such a loss. The purpose of the program is to help participants understand their reactions and learn to resolve the grief.

Among the topics included are: Grief, Self-Esteem, Adjustment, Saying Goodbye.

The leadership of the program will include Karen Morse, LCSW, Medical Social Worker at Tobey Hospital; Jill Cockrell, Bereavement Coordinator of Wareham Area Hospice; and Linda Marot, MSW, also of Wareham Area Hospice.

Pre-registration is necessary. Those interested in attending or who would like more information should call Wareham Area Hospice Association at 295-8544 between 9 a.m. and 3:30 p.m.

Clavichord Concert

AT UNITARIAN CHURCH, N.B.

The distinctive music of Robert Cromwell will be in New Bedford on Friday, March 27th, at 8 p.m. The First Unitarian Church at the corner of Union and Eighth Streets will provide a wonderful concert hall. Mr. Cromwell plays the unheard classical music of the 17th and 18th centuries on the clavichord. His music is as rich in tradition and color as the clavichord. Mr. Cromwell has chosen to adapt to the clavichord the traditional folk music of the British Isles. These songs have a rich heritage. They have been handed down from generation to generation, acquiring many different lyrics while the same haunting melodies endure through the ages.

Admission to the concert at The First Unitarian Church is only $3.00. Tickets will be on sale at the door. Following the concert, Mr. Cromwell will be available to further discuss his music and the clavichord. For more information call 994-9686.

3:30 p.m. we have a free with admission ongoing activity, "TEXTURE COLLAGES". This project is open to all ages.

April 4th at 10:30 a.m. we have our first Saturday of the month NATURE DISCOVERY WALK. Come walk through the meadows and note the ever ongoing changes of the season. Please bring a snack.

Also ongoing from 10:30 to 12 noon, we have "THUMB PRINT DRAWINGS". This is a free with Museum admission activity open to all ages. Create your own art work with your thumb print as the basis of the design.

Next at 1:30 on the 4th, we have Talk to the Animals, "GREAT SNAKES". Come and meet Gucci and Balboa. Our instructors will have our snakes out on exhibition. They will help you to get to know our Boa Constrictors and answer, with the facts, any of your questions.

From 1:30-2:30, we offer "MAKE A BAROMETER". Create your very own weather forecasting equipment. This program is offered for children ages 7 and up and has a limit of 10 children. The cost of this program is $2. for members and $3. for non-members, and pre-registration is

equipped research vessel.

From April 6-April 16 Project Oceanology, a marine education center located on the campus of the University of Connecticut at Avery Point, will offer the use of their research vessel, Enviro-Lab, to students enrolled in this program. The Enviro-Lab is operated by a Coast Guard licensed captain and is certified to carry 49 passengers.

Working with professional scientists and educators, students will participate in a wide range of activities from water sampling to the examination of marine life.

The program is designed for students in grades 7-12. For more information on how to enroll your class in the program contact Stephen Theberge or Sandra Ryack-Bell at the Lloyd Center, 990-0505.

Where A Good Name Means A Great Deal

explore the history and culture of Native Americans, emphasizing the awareness of the environment which was (and still is) inherent in their culture.

The course will include lectures, field trips and hands-on activities. Instructors have been invited from a wide variety of professions, and include Dr. Milton A. Travers, local historian, lecturer and writer, Dr. Russell Blake, Director of the Plymouth-Carver Intermediate School Planetarium, and Amelia Bingham, first Commissioner of Indian Affairs for the Commonwealth of Massachusetts.

According to Ms. Duprey, participants will gain a better understanding of local Native Americans and their way or life. The course will cover their story from prehistoric times to the present.

The mini-course begins on April 2nd and runs through May 30. Lectures will take place at the Coastal Zone Management Office on 100 Old Westport Road in North Dartmouth.

For information on how to register for the course contact Diane Duprey at the Lloyd Center, 990-0505.
